Our response

God's work

If we are the people of God, how should we pray for one another?

We should pray with hearts that care

If we are the people of God, how should we pray for one another?

We should pray with hearts that care

We should ask the Lord to do His work

If we are the people of God, how should we pray for one another?

We should pray with hearts that care

We should ask the Lord to do His work

We should ask the Lord that we will work

We should ask the Lord that we will work

A consistent Christian life

We should ask the Lord that we will work

A consistent Christian life

A fruitful Christian life

We should ask the Lord that we will work

A consistent Christian life

A fruitful Christian life

A determined Christian life

We should ask the Lord that we will work

A consistent Christian life
