A night scene with a bright starburst in the sky and people in a field. The starburst is a bright, multi-pointed star in the upper left quadrant, with rays of light extending across the dark sky. The sky is filled with many smaller stars. In the foreground, there are several people in traditional, light-colored robes. One person in the center-right is pointing towards the starburst. There are also some sheep in the field. The overall scene is dark, with the starburst providing the main source of light.
